Caverion is responsible for Helsingborg municipality's facility management in Sweden

Caverion Sverige AB has signed an agreement with Helsingborg municipality's real estate company Kärnfastigheter. The technical facility management assignment, consists of services in building maintenance with energy and environmental focus and includes 112 buildings on a surface area of 350 000 m². This agreement is valid from 1 January 2014 and extends until 2017.

– This is an exciting assignment for Caverion, well suited with the expertise and experience we possess within both the real estate service, energy and environment. Our employees' expertise and long experience in these areas strengthen the image of Caverion as a pioneer, says Klas Tocklin, Regional Manager, Caverion Sverige AB.

Kärnfastigheter is Helsingborg's real estate company and is responsible for the management and development of the city-owned properties and condominiums.
